Phone Safe

You charge your phone every day, but don't forget your own safety! Phones contain lithium batteries. These batteries are generally safe, but can spontaneously ignite or even explode. Charging your phone is therefore not without risks. With the Phone Safe you are safe.

The Phone Safe has a size of 300 x 150 mm and is made of E-Powershield. In addition, the Velcro closes the cover firmly. The cover has been tested in practice. One thing is certain: your phone can charge safely this way!

Custom Phone Safe

A personalized Phone Safe with, for example, the logo of your company? That is also possible!

Tablet Safe

The LI-ION Tablet Safe is made of E-Powershield. In addition, the Velcro closes the cover firmly. The cover has been tested in practice. Watch the test video [here](#). One thing is certain: your tablet can charge safely this way!

Custom Tablet Safe

A personalized Tablet Safe is also possible.

Extinguishing kit medium

Having a good extinguishing kit is a must if a lithium battery ignites. With the LI-ION Safe Extinguishing Kit Medium you take the right safety measure. A lithium battery fire cannot be extinguished with an ordinary extinguisher! The extinguishing kit is made of E-Powershield and has a temperature resistance of no less than 1100C.

The kit consists of the following parts:
- Containment bag with flame arrestor
- Fire resistant gloves

Extinguishing kit XL

The Lithium Fire Suppression Kit (extinguisher kit XL) is a complete kit for safely and quickly controlling a Lithium battery fire. The kit is specially designed for small areas or confined spaces such as aircraft, vessels or vehicles.

The kit consists of the following components:

- Lith-Ex AVD Fire Extinguisher 2 Liter
- Containment bag with flame arrestor
- Fireproof gloves

Operating procedure for a thermal incident:

- Extinguish the battery fire with the 2 liter fire extinguisher
- Put on the fire resistant gloves
- Place the extinguished device, the extinguished battery in the containment bag and close it according to the instructions
